Profile Summary

I am a highly motivated backend developer with expertise in creating secure, scalable, and user-friendly web applications. With a background in Information Technology and hands-on experience in building and deploying RESTful APIs, I specialize in backend technologies like Node.js, Express.js, and MongoDB. My collaborative work ethic and problem-solving skills enable me to deliver impactful solutions to real-world problems.

Skills

Languages: HTML | CSS | JavaScript | PHP

Frameworks: Express, Bootstrap

Tools: Git, GitHub, Postman
